ES. Executive Summary

1. What is the Federal DBE Program?	ES-2
2. Why did GDOT undertake the disparity study?	ES-3
3. What does a disparity study include?	ES-3
4. Who performed the disparity study?	ES-4
5. What proportion of firms available for GDOT contracts are MBEs and WBEs?	ES-5
6. What share of GDOT contract dollars might be expected to go to MBEs and WBEs?	ES-5
7. What share of GDOT contract dollars did go to MBEs and WBEs (and DBEs)?	ES-7
8. Was there a disparity between the utilization and availability of MBEs and WBEs on GDOT contracts?	ES-7
9. Is there any indication of “overconcentration” of DBEs in certain types of work?	ES-8
10. What are conditions for minorities and women within the Georgia transportation contracting marketplace?	ES-9
11. How can GDOT use study information when setting an overall goal for DBE participation?	ES-9
12. How can GDOT use study information when projecting the portion of its overall DBE goal to be met through neutral means?	ES-10
13. Can GDOT consider use of race- and gender-conscious measures such as DBE contract goals, in accordance with federal regulations?	ES-11
14. If GDOT determines that it will use DBE contract goals, which racial, ethnic or gender groups of DBEs might be considered eligible for that program, in accordance with federal regulations?	ES-11
15. What are GDOT’s next steps?	ES-12

1. Introduction

A. Study Team.....	1-2
B. Background on the Federal DBE Program	1-2
C. Analyses Performed in the Disparity Study	1-5

2. Legal Framework

A. Race-conscious and Neutral Measures of the Federal DBE Program	2-1
B. Race- and Gender-Conscious State and Local Programs	2-3
C. Legal Standards that Race-Conscious Programs Must Satisfy	2-4

Table of Contents

3. GDOT Transportation Contracts

A. Overview of GDOT Transportation Contracts.....	3-1
B. Collection and Analysis of Prime Contract and Subcontract Data	3-2
C. Types of Work Involved in GDOT Contracts	3-4
D. Location of Businesses Performing GDOT Work	3-5

4. Conditions for Minorities and Women in the Georgia Marketplace

A. Entry and Advancement	4-1
B. Business Ownership	4-3
C. Access to Capital, Bonding and Insurance.....	4-5
D. Success of Businesses	4-8
E. Information from Other Disparity Studies in Georgia	4-13
F. Information from Public Comments Received by GDOT.....	4-15
G. Summary.....	4-16

5. Analysis of MBE/WBE/DBE Availability

A. Purpose of the Availability Analysis and Definition of MBEs, WBEs and Potential DBEs	5-1
B. Information about Firms Available for GDOT Work.....	5-3
C. Number of Minority-, Women- and Majority-owned Firms in the GDOT Availability Database.....	5-5
D. Calculation of MBE/WBE Availability as Inputs to the Disparity Analysis	5-6
E. Base Figure for Overall Goal for DBE Participation in FHWA-funded Contracts	5-14
F. Implications for any DBE Contract Goals	5-16

6. GDOT Utilization of Minority- and Women-owned Firms

A. Overview of the Utilization Analysis	6-2
B. MBE/WBE and DBE Utilization in GDOT Transportation Contracts.....	6-3
C. MBE/WBE and DBE Utilization in GDOT Construction Contracts	6-5
D. MBE/WBE and DBE Utilization in GDOT Engineering-related Contracts	6-7
E. MBE/WBE and DBE Utilization in Local Agency Contracts	6-8

Table of Contents

7.	Disparity Analysis for GDOT Contracts	
	A. Overview of Disparity Analysis Methodology	7-1
	B. Overall Disparity Results for GDOT Contracts	7-5
	C. Results for FHWA-funded and State-funded Contracts	7-6
	D. Results for Local Agency Construction Contracts	7-8
	E. Analysis of Statistical Significance of Disparities	7-9
	F. Summary	7-10
8.	Exploration of Possible Causes of Any Disparities	
	A. Are disparities found in some regions of the state and not in others?	8-1
	B. Is there any difference in disparities for 2009 compared with January 2010 through June 2011?	8-2
	C. Are there disparities for GDOT construction contracts?	8-2
	D. Are there disparities for GDOT engineering contracts?	8-17
	E. Is there any evidence of “overconcentration” of DBEs in certain types of work?	8-26
	F. Summary	8-28
9.	Summary of Evidence from Marketplace and Disparity Analyses	
	A. Marketplace Analyses	9-1
	B. Disparity Analyses for GDOT Contracts	9-1
	C. Exploration of Causes of the Disparities	9-2
	D. Analysis of Complaints from DBEs and Other Firms	9-3
	E. Summary	9-3
10.	Overall Annual DBE Goal	
	Step 1. Establishing a Base Figure	10-1
	Step 2. Making Any Needed Adjustment to the Base Figure	10-2

Table of Contents

11. Percentage of Overall DBE Goal to be Met Through Neutral Means

A. Is there evidence of discrimination within the local marketplace for any racial/ethnic/gender group presumed to be socially and economically disadvantaged under the Federal DBE Program?	11-3
B. What has been the past experience of the agency in meeting its overall DBE goal?.....	11-3
C. What has DBE participation been when GDOT has not applied contract goals (or other race-conscious remedies?	11-4
D. What is the extent of race-neutral efforts that the agency could have in place for the next fiscal year?	11-5
E. Other Considerations.....	11-15
F. Summary	11-16

12. Future Implementation of the Federal DBE Program

A. Federal Requirements in Implementing the Federal DBE Program.....	12-1
B. Implementation of Programs for GDOT State-funded Contracts	12-8
C. Appropriate Staffing and Funding of Programs	12-8

Appendices

A. Legal Framework and Analysis	A-1
B. Utilization and Case Study Data Collection.....	B-1
C. Collection and Analysis of Availability Information.....	C-1
D. Entry and Advancement in the Georgia Construction and Engineering-related Industries ...	D-1
E. Business Ownership in the Georgia Construction and Engineering-related Industries	E-1
F. Success of Businesses in the Georgia Construction and Engineering-related Industries	F-1
G. Access to Capital for Business Formation and Success.....	G-1
H. Description of Data Sources for Marketplace Analyses	H-1
I. Analysis of Complaints from DBEs and Other Firms	I-1
J. Information from Local Agency Disparity Studies.....	J-1
K. Detailed Disparity Results	K-1
L. Public Comments in the Disparity Study Process	L-1
